**LAFCO CASE
NAME & NO:**

LAFCO 05-14 Ojai Valley Sanitary District Annexation – Sycamore
(Parcels A -D)

PROPOSAL:

To annex 18 lots, a portion of the Ojai Valley Trail, a flood control channel, and portions of Edison Drive, Sycamore Drive, Ranch Road, and Ventura Avenue into the Ojai Valley Sanitary District for the purpose of providing sanitary sewer service.

SIZE:

Parcel A: Approximately 3.01 acres

Parcel B: Approximately 1.34 acres

Parcel C: Approximately 1.47 acres

Parcel D: Approximately .38 acres

LOCATION:

Generally, the proposal area is bounded by Highway 33 (Ventura Avenue) to the east, the Ventura River to the west, Ranch Road to the north and a Southern California Edison facility to the south in the community of Casitas Springs (Ojai Area of Interest).

Parcel A: Thirteen lots with street addresses of 14, 29, 34, 41, 50, 51, 55, 66, and 93 Sycamore Drive and 8282, 8289, 8305, and 8349 Edison Drive; a flood control channel; a portion of the Ojai Valley Trail; a portion of Edison Drive; a portion of Sycamore Drive; and a portion of Ventura Avenue.

Parcel B: Three lots with street addresses as 8380, 8390 and 8406 Edison Drive; and a portion of Ventura Avenue.

Parcel C: One lot with a street address of 8437 Edison Drive; a portion of Edison Drive; and a portion of Ranch Road.

RECOMMENDATIONS

- A. Certify that the Commission has reviewed and considered the information contained in the CEQA Notice of Exemption prepared by the Ojai Valley Sanitary District as lead agency, dated July 25, 2005, and determine that the change of organization is exempt under Section 15319(a) of the CEQA Guidelines.
- B. Provided no written opposition from registered voters or landowners within the affected territory is received prior to the conclusion of the hearing, waive further protest proceedings including subsequent protest and election proceedings, and adopt the attached resolution (LAFCO 05-14) making determinations and approving the Ojai Valley Sanitary District Annexation – Sycamore (Parcels A-D).

GENERAL ANALYSIS

1. Land Use

Site Information

	Land Use	Zone District Classification	General Plan Designation
Existing	A: Single Family Dwellings	County: A: RE-1ac (Rural Exclusive, 1 ac. min.); R-1-6,000 sq ft (Urban Residential, 6,000 sq. ft. min.)	County: A: Existing Community
	B: Single Family Dwellings	B: RE-1ac (Rural Exclusive, 1 ac. min.)	B: Existing Community
	C: Community Center	C: RE-1ac (Rural Exclusive, 1 ac. min.)	C: Existing Community
	D: Single Family Dwelling	D: RE-1ac (Rural Exclusive, 1 ac. min.)	D: Existing Community
		City: NA	City: NA
Proposed	No Change	No Change	No Change

No changes are proposed to the land use, zoning or County General Plan designations for any of the Parcels.

Surrounding Land Uses and Zoning and General Plan Designations

This proposal will have no effect on surrounding land uses, zoning or general plan designations.

Topography, Natural Features and Drainage

The proposal area is situated on a river terrace formed by the Ventura River. The elevation is approximately 275 feet with an overall slope of less than five percent draining generally to the west. The lots are landscaped with a variety of native and non-native flora.

Conformity with Plans

All of the lots are within the Sphere of Influence of the Ojai Valley Sanitary District.

The existing land uses (single-family residential and public facilities) are consistent with the County's Ojai Valley Area Plan designations.

None of the lots in the proposal area are affected by the County's SOAR ordinance.

2. Impact on Prime Agricultural Land, Agriculture, and Open Space

Agricultural Land and Agriculture

All of the lots within the proposal area are located in developed areas, are zoned for residential uses and have existing development. There are no agricultural uses on any of the lots, nor any adjoining agricultural uses.

None of the four lots are subject to a Land Conservation Act contract or a Farmland Security Zone agreement, and none are located within a greenbelt.

Open Space

None of the lots in the proposal area are considered open space pursuant to Government Code Sections 56059 and 65560, and the proposal will not impact open space lands.

3. Population

According to the County of Ventura Registrar of Voters, there are 23 registered voters in the proposal area. Because there are 12 or more registered voters within the proposal area, the area is considered as "inhabited" in terms of LAFCO proceedings.

Due to the number of registered voters within the proposal area this matter has been noticed as a public hearing. Further discussion about the law, notice and protest proceedings is contained in the Special Analysis section of this report.

4. Services and Controls – Need, Cost, Adequacy and Availability

For 13 of the 18 lots within the proposal area, the annexation to the Ojai Valley Sanitary District will enable the property owners to connect to the Ojai Valley Sanitary District wastewater collection and treatment system. Following completion of annexation proceedings, the Sanitary District will construct sewer mainlines along both Sycamore Drive and Edison Drive. The Ojai Valley Sanitary District has represented that it has the capacity to provide sanitary sewer service, including treatment plant capacity, to each lot within the proposal area immediately upon annexation.

The other five lots within the proposal area have prior connections and are currently being served but are outside of the District's boundary: 50 and 66 Sycamore Drive; and 8282, 8390, and 8437 Edison Drive.

For those property owners who are not yet connected, they will be required to finance all necessary improvements and connections to the District's facilities.

On-going maintenance and operational costs will be financed by residential user fees.

There will be no change to any other existing services.

5. Boundaries and Lines of Assessment

The boundaries are definite and certain. There are no conflicts with lines of assessment or ownership.

The maps and legal descriptions for this proposal received from the proponent have been checked by the County Surveyor and have been certified as being accurate and sufficient for the preparation of a Certificate of Completion pursuant

to Government Code Section 57201 and for filing with the State Board of Equalization.

6. Assessed Value, Tax Rates and Indebtedness

According to the County Assessor, all lots within the proposal area are currently in tax rate area 91068 and will be assigned to tax rate area 91172 upon completion of proceedings. However the current tax rate of \$1.069534 per \$100 of assessed valuation will remain the same upon annexation.

The assessed land value of each lot per the 2004 - 2005 tax roll is:

Assessor's Parcel	Property Address	Property Owner(s)	Assessed Land Value
061-0-230-420	66 Sycamore Drive	Howie, Donald & June	\$19,937
061-0-230-260	50 Sycamore Drive	Tarrats, Dave & Kathleen	\$29,712

Ojai Valley Sanitary District Annexation – Sycamore (Parcels A - D)

October 19, 2005

Page 6 of 9

7. Environmental Impact of the Proposal

The Ojai Valley Sanitary District is the lead agency for this proposal and found the proposal to be categorically exempt under Section 15319(a) (annexation to a special district of areas containing existing structures developed to the density allowed by the current zoning) of the California Environmental Quality Act Guidelines. As the annexation is to provide sanitary sewer service to existing lots with existing development, a categorical exemption is appropriate for this proposal.

8. Regional Housing Needs

According to the California Housing and Community Development Department the County of Ventura adopted an updated General Plan Housing Element on June 19, 2001 and completed State review for compliance on October 18, 2001. The annexation proposal area is fully developed consistent with the County's General Plan. Therefore, the proposal will have no effect on the fair share of the regional housing needs for the County of Ventura.

9. Landowner and Annexing Agency Consent

The Ojai Valley Sanitary District has provided proof that all landowners have given their written consent to this proposal and has requested that the Commission waive all protest proceedings.

SPECIAL ANALYSIS:

Protest Proceedings

When one hundred percent of the affected landowners consent to a change of organization, the Commission may conduct proceedings without notice, hearing, or an election. In this instance, however, even though all the property owners have consented to the annexation, the area is considered to be inhabited [there are 12 or more registered voters residing in the proposal area (23 in this case)]. Due to this fact, the Commission can waive protest proceedings only if all registered voters and landowners within the affected area have been provided written notice of the LAFCO proceedings, including the fact that further protest proceedings may be waived, and only if before the conclusion of the meeting no landowner or registered voter files written opposition to the proposal (Government Code Section 56663).

Written notice to all landowners and registered voters within the proposal area has been provided for the hearing on this matter.

The recommendation to approve this proposal and to waive protest proceedings is based on the assumption that no landowner or registered voter within the proposal area will file a written objection before the conclusion of the September 21 meeting. If any landowner or any registered voter within the proposal area files a written protest before the conclusion of the September 21 meeting, then subsequent protest proceedings must be held and the attached recommended resolution will need to be modified accordingly to direct that such proceedings occur. Subsequent protest proceedings will involve further notice and at least an administrative protest hearing. Such additional actions require several months to complete. As is the case for all changes of organization and reorganizations, if a majority protest occurs all proceedings will be terminated.

If no landowner and no registered voter from within the proposal area files a written objection prior to the conclusion of the September 21 meeting, then the Commission can proceed as recommended. That is, the Commission can adopt the attached recommended resolution and all further protest proceedings, including any further notice, can be waived and the annexation can be finalized after the conclusion of the 30-day reconsideration and CEQA posting periods.

ALTERNATIVE ACTIONS AVAILABLE:

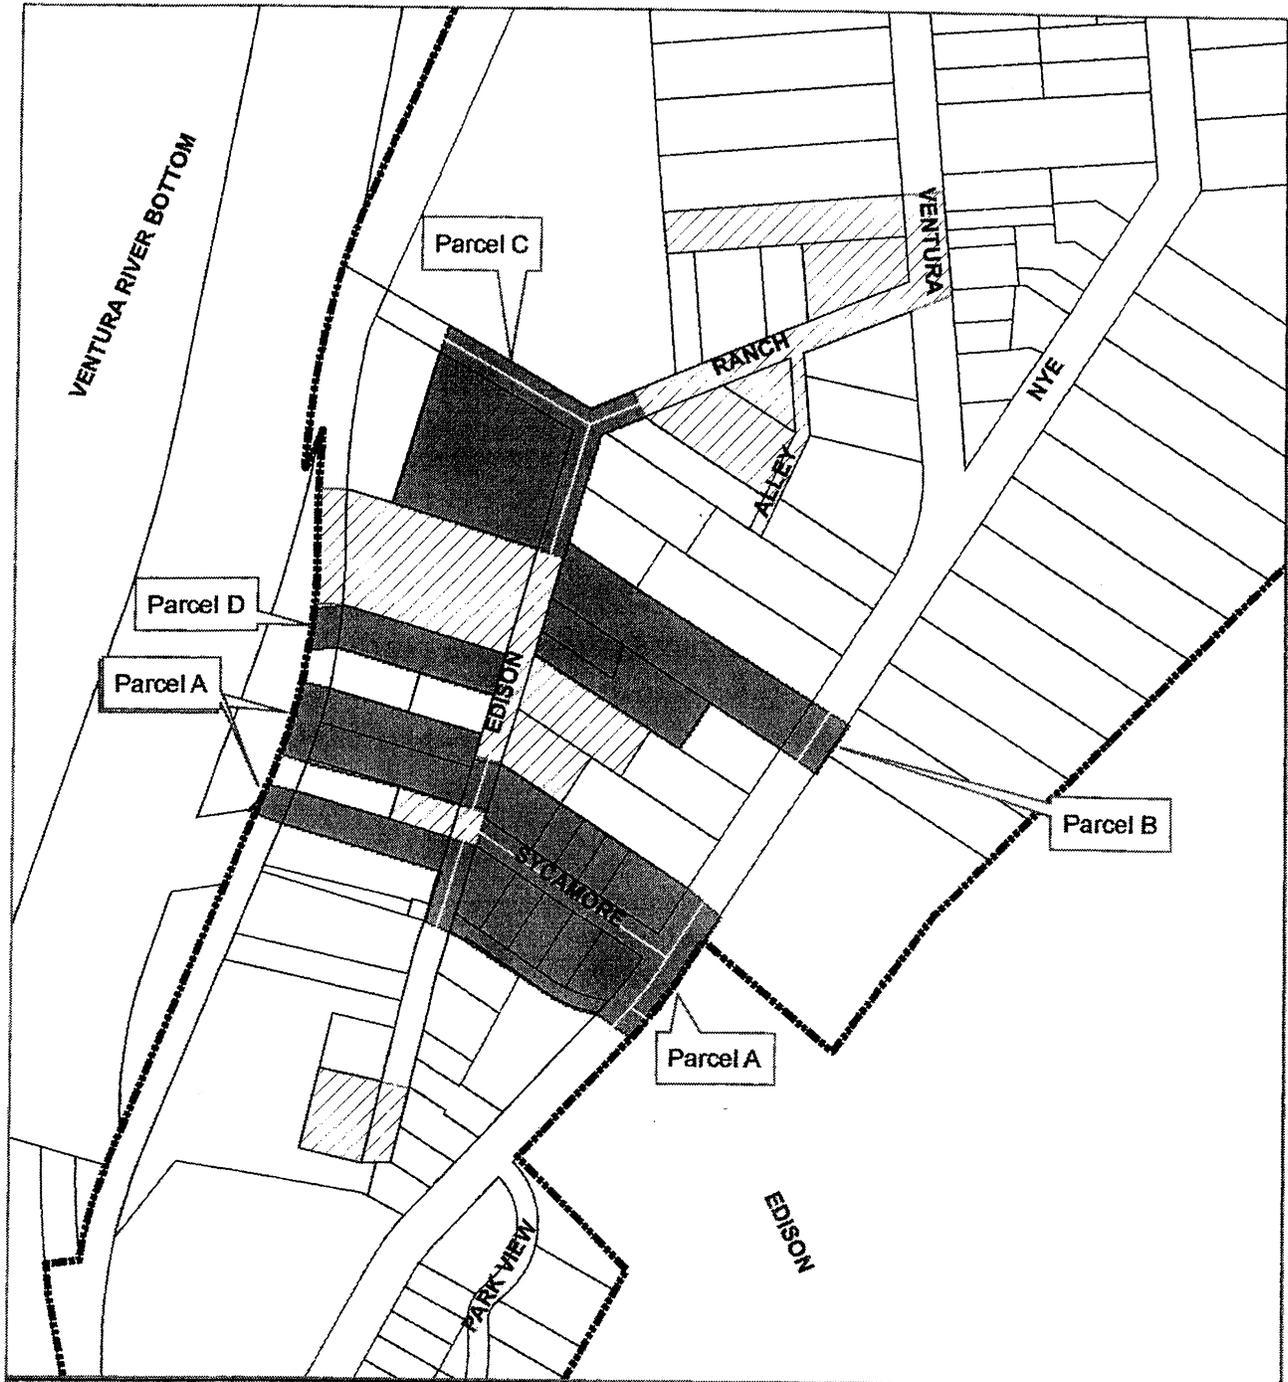

- A. If the Commission, following public testimony and the review of the materials submitted, determines that further information is necessary, a motion to continue the proposal should state specifically the type of information desired and specify a date certain for further consideration.
- B. If the Commission, following public testimony and the review of the materials submitted, determines that the boundaries of the proposal area should be modified, or that the proposal should be approved subject to any changes or additions to the terms and conditions recommended, a motion to approve should clearly specify any boundary changes and/or any changes or additions to the terms and conditions of approval.
- C. If any landowner or registered voter from within the proposal area files written opposition to the proposal, the Commission must conduct subsequent protest proceedings, and should direct staff to alter the attached resolution of approval accordingly to provide for such proceedings.
- D. If the Commission, following public testimony and review of materials submitted with this application wishes to deny this proposal, a motion to deny should

include adoption of this Report and all referenced materials as part of the public record.

RESOLUTION OF THE VENTURA LOCAL AGENCY FORMATION COMMISSION MAKING DETERMINATIONS AND APPROVING THE OJAI VALLEY SANITARY DISTRICT ANNEXATION – SYCAMORE (PARCELS A - D)

WHEREAS, the above-referenced proposal has been filed with the Executive Officer of the Ventura Local Agency Formation Commission pursuant to the Cortese/Knox/Hertzberg Local Government Reorganization Act of 2000 (Section 56000 of the California Government Code); and

WHEREAS, at the times and in the manner required by law, the Executive Officer gave notice of the public hearing by the Commission of the proposal; and

WHEREAS, the proposal was duly considered on October 19, 2005, as specified in the notice of hearing; and

WHEREAS, the Commission heard, discussed and considered all oral and written testimony for and against the proposal including, but not limited to, the LAFCO Executive Officer's Staff Report and recommendation, the environmental determination, Sphere of Influence and applicable General and Specific Plans; and

WHEREAS, all landowners within the affected territory have consented to the proposal; and

WHEREAS, proof has been given to the Commission that the affected territory has more than 12 registered voters and is considered inhabited; and

WHEREAS, prior to the conclusion of the hearing on this matter, no written opposition was received from any landowner or any registered voter within the affected territory, and

WHEREAS, the Local Agency Formation Commission finds the proposal to be in the best interest of the landowners and present and future inhabitants within the Ojai Sanitary District and within the affected territory, and the organization of local governmental agencies within Ventura County.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED by the Local Agency Formation Commission of Ventura County as follows:

- (1) The LAFCO Executive Officer's Staff Report and Recommendation for approval of the proposal dated October 19, 2005 is adopted.
- (2) Said annexation is hereby approved as submitted.

- (3) The subject proposal is assigned the following distinctive short form designation: **LAFCO 05-14 OJAI VALLEY SANITARY DISTRICT ANNEXATION – SYCAMORE (Parcels A - D).**
- (4) The boundaries of the affected territory are found to be definite and certain as approved and set forth in Exhibit A attached hereto and made a part hereof.
- (5) The Commission has reviewed and considered the lead agency's determination that the change of organization is categorically exempt under Section 15319(a) of the California Environmental Quality Act Guidelines, and finds the change of organization to be categorically exempt under Section 15319(a).
- (6) The Commission directs staff to file a Notice of Exemption in the same manner as a lead agency, under Section 15062 of the California Environmental Quality Act Guidelines.
- (7) Pursuant to Government Code Section 56663(d), written notice of the Commission proceedings has been provided to all registered voters and landowners within the affected territory and no written opposition from registered voters or landowners with the affected territory has been received, and all affected agencies that will gain territory as a result of the proposal have consented in writing to the waiver of protest proceedings. The Commission hereby waives protest proceedings entirely.
- (8) **This change of reorganization shall not be recorded until all LAFCO fees have been paid and until fees necessary for filing with the State Board of Equalization have been submitted to the Executive Officer.**

This resolution was adopted on October 19, 2005.
